What Does Cornerstone Offer?

Cornerstone Preschool is more than an academic program for children. It is a place where each child is valued. To best understand the benefits of attending Cornerstone Preschool see the information below.

We Are

Intentional

- We place only the most qualified, gifted and nurture-oriented leaders and teachers in the classroom.
- We use only the finest and most comprehensive curriculum available.
- We provide a variety of activities to support and enhance the growth of each child.

Trained

- Our staff is well trained and actively pursues any additional and/or appropriate education.
- Our staff is spiritually balanced and mature. Our church believes in the excellence of ministry and therefore expects this of each Cornerstone leader.
- Our staff is well trained in a variety of safety issues that affect the well being of children.

We Will

Maintain High Expectations

- Our staff is held to a high level of accountability for the safety, growth, and well being of all children. They will conduct themselves in a professional and caring manner at all times.
- Our children will be trained and instilled with an attitude of excellence in all they do and say. They will learn positive character traits, practice politeness, and complete all work to their highest ability.

Nurture Each Child

- Each child will be challenged mentally to obtain the necessary skills for success in their school life.
- Each child will be given opportunities to grow physically through structured and unstructured play.
- Each child will learn the necessary social skills to successfully interact with their peers and authority figures, while still maintaining a safe knowledge of appropriate behavior of themselves and those they come in contact with.
- Each child will obtain a solid biblical foundation and experience the love of a personal and comforting Savior.
